BACKGROUND OF THE VETERANS HISTORY PROJECT

The Veterans History Project (VHP), formerly known as the Veterans Collection Project (VCP) and Defending America's Freedom Project (DAF), was created in 2000 by the United States Congress and is housed and managed by the American Folklife Center at the Library of Congress. The project seeks to collect, preserve and make accessible the personal accounts of American war veterans.

The York County History Center became a VHP collecting partner in 2006. The collection currently includes oral histories as well as personal items from York County veterans who served in the following conflicts: World War I (1914-1920), World War II (1939-1946), Korean War (1950-1955), Vietnam War (1961-1875), Gulf War (1990-1991), and the current conflict in Iraq (2001-present). Many of the oral histories were conducted by York College of Pennsylvania students in conjunction with the York College of Pennsylvania Oral History Center.

SCOPE AND CONTENTS OF THE COLLECTION

The Personal Items component of the collection contains various items contributed by veterans that they retained from their time in the military. The Oral Histories component of the collection consists of cassette tape and/or compact disc recordings of veterans' oral histories and, when available, transcripts, audio logs and veteran biographies.

ORGANIZATION OF THE COLLECTION

The Personal Items are arranged by the veteran's last name, but are not in alphabetical order; the items were added to the collection as they were given to the York County History Center. The Oral Histories are arranged alphabetically by the veteran's last name. If new oral histories are added to the collection, they are processed as they are received.

SEE ALSO

World War II Memories, object ID no. 42002, oral histories with World War II civilians and veterans conducted by Hanna Penn Junior High School students

Please note: The History Center is currently processing its oral history collection. There may be additional veterans' oral histories in the collection that are not identified in this finding aid. Please check back periodically for an updated finding aid that may identify additional veterans' oral histories.
